(پارت اول صفحه ۴۱ کتاب)

Dr. Asadi is answering this important question. Why is it important to care for our elders? I think first of all we need to remember that they are our mother and father and our first teachers. They teach us how to love, how to care, how to forgive, and how to accept. Second, elders have more knowledge and wisdom than any of us. They've come so far and they've learned so much. We have a responsibility to learn from that wisdom.

A: I went to the airport, but I couldn't get in the plane.

B: Why? Had you left your passport at home?

A: Yes, I'd left it at home and I had to come back home.

B: Oh, sorry to hear that. Are you forgetful?

A: No, but it sometimes happens.

Emad: Daddy, look at those big fans!

Father: They are actually wind turbines.

Emad: Wind turbines?

Father: Yes, wind turbines are used to produce electricity from wind power.

Emad: I know electricity can be produced from water and sunlight. How might it be **generated** from wind?

Father: Well, a wind turbine works the **opposite** of a fan. Instead of using electricity to make wind, a turbine uses wind to make electricity. It is a type of **clean** energy.

Emad: These wind turbines **remind** me of what I read about using wind power in Yazd'd buildings.

A: The programs on TV these days are the **worst**. Even with the hundred channels to **choose** from, everything is **terrible**.

B: You're **right** about that! I think it is because most TV programs are written for **teenagers**. There is nothing for older people to **enjoy**.

A: Oh look! It is raining so heavily.

B: What would you do if it weren't raining?

A: Hmm... if it were sunny, I would go to the park. I am really bored.

B: We can play one of our thinking games, instead.

A: We could play 'Smart Kid' if Sina were home.

B: This one is also fun. Let's try it.
