Roya: You don't like sports, do you?

Roya: You prefer team sports, don't you?

Mina: Well, it seems to be OK. But honestly, I prefer less active sports like chess.

Amir: Why didn't you go to the new restaurant last night?

Rasoul: We didn't want to. We had already tried the food there the weekend before.

Amir: Really? Did you like the food?

Rasoul: That was OK. We all ordered chicken with rice. I had never tasted their special sauce anywhere else.

Amir: Was it pomegranate sauce?

Rasoul: No, it wasn't. I had already tasted pomegranate sauce at home.

Amir: Was it expensive?

Rasoul: I think it was cheaper than the food we had tried in other restaurants.

The environment means different things to different people. The environment can be water, air, animals, waste, plants, and other things that are **around** us. Also the environment can be the **social**, physical, cultural and chemical factors that surround man.

There are two types of environment, like the natural environment that nature provides for example the oceans, **land**, seas, etc, and the environment that man creates for himself such as houses, technologies and businesses.

The environment is important and we should all **protect** it. We must avoid bad practices such as polluting air and water, and also doing any other harmful activities that destroy the environment.

Teacher: Students, do you know respecting others can make our world a better place to live in?

Student: Yes, sure. But how can we show our respect to others?

Teacher: Well, there are many helpful tips.

Student: Would you please tell some of them?

Teacher: Yes, certainly. Today I will talk about two of them. First, you should listen to others when they speak.

Student: But some people speak a lot.

Teacher: I know. But again you should listen to them if you want to respect them. Second, you should value other people's opinions.
